Detailed Information about Events:

1. Title of the event: Alumni Talk
2. Date and duration: 03-11-2023, 1 Hour
3. Venue/online: Room-15
4. Nature of event: Intracollege
5. Invited speakers, their affiliation and brief profile of each speaker: Mr. Abhishek Choubey (Decision Science Associate, Axtria), University Gold Medalist (Operational Research), University of Delhi.
6. Brief summary of the event: The alumni meet focused on an in-depth discussion of data science by prominent alumnus Mr. Abhishek Choubey. The event attracted significant attention, with 68 students registering their interest. Ultimately, 61 students actively participated in the meet, showing enthusiasm for the topic. Mr. Basant Kumar Mishra (TIC) graced the occasion and extended a warm welcome to the attendees. The event convener, Dr. Sandeep Bhatt, ensured its smooth execution, fostering an engaging learning environment.

Mr. Abhishek shared comprehensive insights into data science, covering various facets of its applications and relevance in contemporary scenarios. His expertise and discussion provided valuable knowledge to the attendees, shedding light on the prospects in this field. The event encouraged interaction, allowing students to gain deeper insights through Q&A sessions and discussions. Overall, it was an enriching experience for the attendees, further highlighting the significance of data science in today's world.

6. Brief summary of the event: Swachh Bharat Mission is a country-wide campaign initiated by the government of India to eliminate open defecation, improve solid waste management, and increase awareness in society. In this noble endeavour, all the faculties and the students of the Department of Mathematics conducted a Clean Campus Drive. After collecting all the necessary arrangements, such as gloves, disposable bags, brooms, etc., all faculty members lead the team of students and faculties for cleaning the college campus. The areas covered were the central lawn, outside canteen area, front lawn, parking area, and outside gate along the wall.

ROLE OF MATHEMATICS TO INCULCATE SCIENTIFIC THINKING

Name of the Department: Infinity Society (Department of Mathematics)

Date and Time: 28 November 2023 at 10:00 AM

Duration: 2 Hours

Mode: Offline (Seminar Hall)

Resource Person: Dr. Pankaj Sharma (Associate Professor, Department of Mathematics, Ramanujan School of Mathematical Sciences, Pondicherry University)

Teacher in Charge: Mr. Basant Kumar Mishra (Assistant Professor, Department of Mathematics)

Society Convenor: Dr. Sandeep Bhatt (Assistant Professor, Department of Mathematics)

Total Number of Registrations: 129

Total number of students who completed the course and got the certificates: 108

Brief Summary of the Event:

The event focused on the role of mathematics in cultivating scientific thinking and witnessed the active participation of 108 students. The event's highlight was the lecture, where the resource person delved into the intricate relationship between mathematics and scientific reasoning. The speaker illuminated how mathematical concepts are a cornerstone for logical reasoning, problem-solving methodologies, and hypothesis formulation in scientific exploration. This insightful discourse inspired attendees, emphasizing the vital synergy between mathematics and scientific thinking and encouraging students to harness mathematical tools for innovative and analytical scientific endeavours.

Mr Basant Kumar Mishra and Dr Sandeep Bhatt, acknowledging the students' dedication, presented personalized mementoes, fostering appreciation and motivation. Basant Sir, renowned for his expertise, shared valuable perspectives on the intersection of mathematics and scientific inquiry, emphasizing the foundational role of mathematical principles in shaping analytical thinking.

IMPLOSION'24

The Annual Fest of Department of Mathematics

Name of the Society: Infinity Society (Department of Mathematics)

Date: February 29, 2024

Time: 09:00 AM - 06:00 PM

Description of the Event:

Infinity: The Mathematical Society of Ram Lal Anand College successfully organized its annual fest, "IMPLOSION," on February 29, 2024. Under the expert guidance of our teacher-in-charge Dr. Basant Kumar Mishra, and Society Convenor Dr. Sandeep Bhatt, the event was a resounding success.

OPENING CEREMONY

TIME: 09:30 AM to 10:00 AM

- **Lightening of Lamp**

- Sarasvati Vandana

- Memento to the Speaker

Event 1: SEMINAR

Topic: Journey Through Dynamical Systems: Bifurcation, Chaos, and Evolutionary Models

Duration of the Lecture: 2 Hours

Mode: Offline

Chief Guest and Resource Person:

Dr. Sachin Kumar is working as an Associate Professor in the Department of Mathematics, Faculty of Mathematical Sciences, University of Delhi. His areas of interest include nonlinear PDEs, nonlinear waves, mathematical modelling, and nonlinear dynamics.

He has published over 100 research papers in prestigious, highly indexed journals with high-impact factors. His total citations are 3050, with an h-index of 32. He completed five research projects and is working on two more. In 2023, he received the India Top Cited Paper Awards for two research papers from the Physics Scripta and Communications in Theoretical Physics Journal (IOP Publishing). In 2021, he received the India Top Cited Paper Award from the Physics Scripta Journal (IOP Publishing). He has been ranked among the top 2% of world scientists in the single-year impact by scientists at Stanford University, USA, in 2021, 2022, and 2023. On November 16, 2022, he received the UAE-INDO Inspiring Scientist Award 2022 at the International Conference in Bur Dubai, Dubai. He has received several Best Presentation Awards at international conferences. He is an Associate Editor for Partial Differential Equations in Applied Mathematics at Elsevier (Scopus).

Teacher-in-Charge: Mr. Basant Kumar Mishra (Assistant Professor, Department of Mathematics)

Society Convenor: Dr. Sandeep Bhatt (Assistant Professor, Department of Mathematics)

Brief Summary of the Event:

The seminar on "**Journey Through Dynamical Systems: Bifurcation, Chaos, and Evolutionary Models**" provided undergraduate students with an immersive exploration into the intricate world of dynamical systems theory. Through engaging discussions and illustrative examples, students delved into the concept of bifurcation, understanding how slight alterations in system parameters can lead to dramatic shifts in behaviour. Chaos theory was also a focal point, illuminating the fascinating interplay between deterministic systems and seemingly unpredictable outcomes, offering insights into the inherent order within complex dynamics. Additionally, the seminar delved into evolutionary models, showcasing how dynamical systems theory can be applied to dissect the emergence and evolution of complex phenomena in various domains such as biology, ecology, and social sciences. By the seminar's conclusion, students emerged with a solid grasp of the theoretical foundations of dynamical systems and an appreciation for their diverse applications across interdisciplinary fields.

The seminar used interactive discussions and real-world examples to elucidate key concepts, fostering a deeper understanding among participants. From exploring the dynamics of population growth to analyzing the behaviour of chaotic systems, students were encouraged to engage critically with the material and explore its implications across different disciplines. By bridging theory with practical applications, the seminar aimed to equip undergraduate students with the analytical tools and conceptual framework necessary to navigate the complexities of dynamical systems in their future academic and professional endeavours.

Brief Summary of the Event:

In this event, each participant delivered a 6-minute presentation on the '**Prospects of Mathematics in Research**' or the '**Application of Mathematics in Real Life.**' A stimulating 2-minute question and answer session ensued after the presentations, involving the three esteemed judges, teachers, and the engaged audience.

The competition culminated in recognising three deserving winners, who were awarded cash prizes and certificates.

Brief Summary of the Event:

This event, comprising three intellectually stimulating rounds, was meticulously designed to assess the contestants' depth of knowledge, problem-solving prowess, and capacity for strategic thinking. The rounds, namely the History of Indian Mathematics, Rapid Fire Round, and the Mathematically-Twisted Snakes and Ladders, presented a multifaceted challenge to the participants, spanning domains such as historical mathematics, arithmetic reasoning, and quantitative aptitude. The competition culminated in recognising three deserving winners, who were awarded cash prizes and certificates.

Brief Summary of the Event:

In this event, participants formed teams and navigated through a series of clues and challenges scattered across the campus. The hunt incorporated mathematical puzzles and riddles, challenging participants' problem-solving and creativity. Teams collaborated and strategized to decipher clues, leading them closer to the hidden treasure. The event fostered teamwork and camaraderie and showcased the practical application of mathematics in a fun and interactive way. The culmination of the hunt saw the victorious team uncovering the treasure, marking the end of an exhilarating adventure filled with excitement and discovery.

Brief Summary of the Event:

The participants played the game of house, but to get to the numbers, they had to solve mathematical sums and strike off the numbers on their tickets. The event tested the participants' speed of solving sums and whose luck favoured the most. What truly made "TAMBOLA" remarkable and superhit was the enthusiastic participation from students with a mathematical background and those pursuing different courses. Even our teachers loved the game so much that they played it. The competition was even more interesting when the participants who solved the sums wrong and struck off the wrong numbers were disqualified. The amphitheatre was filled with amazing energy and laughter throughout.

The competition culminated in recognising three deserving winners, who were awarded cash prizes and certificates.
