**Debate on Withdrawal of US Army is suicidal for Afghanistan.**

## **Report**

A debate was organised by Statecraft Society, Department of Political Science, Ram Lal Anand College, University of Delhi on 09 September, 2021 and the topic of the debate was “Withdrawal of US Army is suicidal for Afghanistan”. The debate commenced at 10 am on Google meet. The debate was organised under the guidance of Dr. Triranjana Raj (Head of Department), Dr. Vijay Kumar Bhatia (Function Committee Convenor) and Dr. Kshama Sharma (Program Co-ordinator). A total of 8 students actively participated in the debate out of which 5 spoke in favour of the topic and 3 against the topic. There was an active audience of more than 60+ participants who also gave their inputs from time to time. Some of the major points raised by the students in the favour of the motion were: Afghanistan was under US control from 90s and sudden withdrawal of US created a turmoil in the territory as US weapons of thousand dollars were left in the hands of Taliban. Students against the motion strongly expressed their views in the favour of the withdrawal of the US army as they believed that Afghanistan should be self sufficient to uphold the country’s integrity. The debate received tons of appreciation from the students and the teacher alike. At the end a feedback form was circulated in the chat box and the organisers got a overwhelming response. The vote of thanks was given by Dr. Vijay Kumar Bhatia. The session ended successfully at 11 am with huge number of participants and remarkable feedback by them.
