6. Brief summary of the event: The purpose of this webinar was to understand Gender Sensitization which is a basic requirement to understand the sensitive needs of a particular gender. It helped us to examine our personal attitudes and beliefs and question the 'realities' that we thought we knew. The need for this sensitivity has been felt and realised through times immemorial and in almost all kinds of human existence, across the globe. Recent discourses focus upon the need to sensitize gender issues on campus as many believe that education is the catalyst for change. Educational spaces instil thought and make one have a perception that they believe.

- ▶ **Hostile Work Environment**
Verbal, physical or visual forms of harassment, that are sexual in nature, "sufficiently severe, persistent, or pervasive" and unwelcome.
- ▶ A single, severe incident, such as a sexual assault, could create a hostile environment. More commonly, a "hostile environment" is created by a series of incidents.

Detailed Information about Events:

1. Title of the event: **Talk on Gandhi and Environment**
2. Date and duration: 23rd July, 2021
3. Venue/online: online
4. Nature of event: National/ International/ State/ Inter-college/ Intracollege etc.
5. Invited speakers, their affiliation and brief profile of each speaker: Prof. John S. Moolakkattu Professor, Central University of Kerala
6. Brief summary of the event; The questions varied, beginning from the conflict between the modern generation's market-based techno-managerial skills and the adoption of Gandhian principles and policies, to the sharing of unequal responsibilities due to varied usages by different countries. Gandhi was critical of the modern railways, and this topic too was discussed in great detail. His relationship with and influence on Nehru, yet their differences of opinion of development models was discussed next. The purpose of this webinar was to understand Gandhi's views on the environment in a holistic manner. It helped us realize how Gandhi is still an inspiration to modern day environmentalists like Vandana Shiva and Ram Guha, who have discoursed at length his dialectic opinion on various tenets of the environment.

6. Brief summary of the event: The 40 sessions were divided between two keynote speakers namely Dr. Manan Dwivedi and Dr. Makhan Saikia. Dr. Manan Dwivedi highlighted the aspects of realism & how realism paid more importance to the individualistic aspect of social life. Unchanging human nature was given more importance by the realists. Thus, political situations were deemed self-interested in character and nature. Realism aims more at the analysis of the roots of conflict in international relations. While on the other hand, about neo realism he says that it did not pay much of an attention to the individualistic aspect of social life.

2. Date and duration: 5th February 2022

5. Invited speakers, their affiliation and brief profile of each speaker: Dr. Prasanta Sahoo Associate Professor, Centre for International Politics, Organisation and Disarmament School of International Studies Jawaharlal Nehru University, New Delhi
6. Brief summary of the event: The session started at 3 p.m. The speaker of the session was Dr. Prasanta Sahoo. The topic of the session was ‘Neighbourhood first – India’s new neighbourhood policy’. The “neighbourhood first” policy is the striking feature of Modi government’s diplomatic approach. In his government’s strategic imagination, India’s relations with neighbouring countries must receive topmost priority. If India does not resolve its differences with its small neighbours, it will only pave the way for China to exert growing influence in the region.

3. Venue/online: online
4. Nature of event: National/ International/ State/ Inter-college/ Intracollege etc.
5. Invited speakers, their affiliation and brief profile of each speaker: Experts of the Faculty Development Programme
6. Brief summary of the event: The phenomenon of exclusion of a sizeable segment of society from the benefits of economic growth has become more pronounced after the introduction of policies of liberalization, privatization and globalization. The policy of economic liberalization popularly known as new economic policy (NEP) has resulted in further exclusion of the marginalized communities. No doubt Indian economy has experienced a very high rate of growth (recent being 9.2 per cent per annum) but the benefits of this growth are not evenly distributed across sectors and strata. Basically, two sectors, namely, industry and services have benefited from the process of liberalization, privatization and globalization. These sectors have succeeded in getting substantial amount of investment during post- liberalization period. In agriculture, however, both public and private sector investment have declined over time which is where the poorest and marginalized exist. The basic premise of social justice is the emancipation of the underprivileged, exploited and oppressed sections of society. Its main aim is to liberate mankind from tradition bondages of social and economic exploitation and discrimination. It postulates a social order which can guarantee freedom and equal rights to all sections of the society. The question is how create a just structure of society. Obviously that structure cannot be developed by some legislation, although legislation helps. But it really means building up a complex society. Justice is not a mere vision. It is structure governing production, distribution,

mutual relationships, service, opportunity almost everything. That takes time. It just cannot be done by resolution or by decree.
