

Alumni Talk: "Statistics with Machine Learning"

I am pleased to present this comprehensive report detailing the successful organization of the Alumni Talk on "**Statistics with Machine Learning**," which was held on April 25, 2023, at RLA College under the esteemed society "**PANACEA**."

Objective:

The primary objective of the Alumni Talk was to create an enriching platform for knowledge exchange, foster intellectual growth, and encourage interaction among students, faculty members, and esteemed alumni. This event sought to delve into the captivating intersection of statistics and machine learning, providing valuable insights to our current students and igniting their curiosity in the field.

Event Details:

The Alumni Talk was organized by the Department of Statistics under the esteemed society "PANACEA." The event witnessed an impressive turnout, with 24 enthusiastic students attending the talk. Our esteemed faculty members from the Statistics Department also graced the occasion, adding immense value to the discussions.

Guest Speaker:

We had the distinct honour of hosting **Mr. Sahil Saini** as our esteemed guest speaker for the event. **Mr. Sahil Saini** is an accomplished alumnus of RLA College, known for his exceptional expertise in the fields of statistics and machine learning. He is currently working as a "**Data Scientist at Carelon Global Solutions**", where he has made significant contributions to the industry with his innovative data-driven solutions.

Event Agenda:

Opening Address: The event commenced with a warm welcome address, setting the tone for the day's proceedings. The audience was introduced to Mr. Sahil Saini, who shared his inspiring journey and achievements since his time at RLA College.

Expert Talks: Mr. Sahil Saini delivered an insightful and engaging talk, presenting cutting-edge research and practical applications of statistics in the realm of machine learning. His presentation captivated the audience, inspiring them to explore new frontiers in the field.

Principal

Interactive Session: A lively and interactive session followed the expert talk, where students actively engaged with Mr. Sahil Saini. The audience enthusiastically participated in Q&A sessions, seeking guidance and advice on various career paths and research opportunities.

Token of Appreciation: As a gesture of gratitude, a memento was presented to Mr. Sahil Saini to acknowledge his valuable contributions and support.

Conclusion:

The Alumni Talk on "Statistics with Machine Learning," featuring Mr. Sahil Saini as the guest speaker, proved to be a resounding success, achieving its objectives of promoting knowledge sharing and intellectual growth. The event received overwhelming support and participation from our students, faculty members, and esteemed alumni, who generously contributed to the discussions.

I would like to express my heartfelt gratitude to the Principal sir for their continuous support in organizing such meaningful events. This talk has left a lasting impact on our students, inspiring them to pursue excellence in the fields of statistics and machine learning.
