

B. A. Programme Society 'Serenity'

Scope and Objectives:

This society has been put together to cater specifically to the extra-curricular needs of students in the B.A. Programme course of study since these students do not belong to any specific department and are from diverse streams.

Being a new initiative, the scope of this society and its actions can only be limited by a lack of energy or imagination. The initial idea is to provide a platform for the passion of B. A. Programme students to come forth and coalesce in activities that are constructive not just for them but perhaps for the college as a whole as well. The primary objective is to nurture and guide the promise that these students hold and help them become more rounded individuals with greater exposure than they have gotten before.

A meeting of the B. A. Programme Society 'Serenity' was held on 27.08.2018 in the extended Staff Room to discuss the tentative audition dates and the calendar for the upcoming year.
