Panacea – The Department of Statistics, Ram Lal Anand College, proudly hosted the annual fest “**Random Walk 2024**” on **10th April, 2024** a celebration of statistical knowledge, creativity, and camaraderie. The day commenced with the ceremonial lighting of the lamp, symbolizing the illumination of minds, paving the way for an enriching and inspiring experience for all attendees.

The fest began with an enlightening **speaker session** by **Mr. Vishvnath Kumar**, an esteemed **ISS officer** and Delhi University graduate. Drawing from his extensive experience, he delved into the profound impact of Statistics on Artificial Intelligence and machine learning. He emphasized the fundamental role of mastering statistical basics to excel in these burgeoning fields, encouraging students to cultivate a deep understanding and appreciation for the subject. Furthermore, he elucidated the diverse career pathways available in corporate, government, and academic sectors, igniting a sense of ambition and purpose among the audience. A significant number of **50 students** engaged in the speaker session. Nine faculty members and Vice Principal Of our college attended the session.

Following the invigorating speaker session, the fest unfolded with a series of engaging events designed to challenge, entertain, and inspire participants.

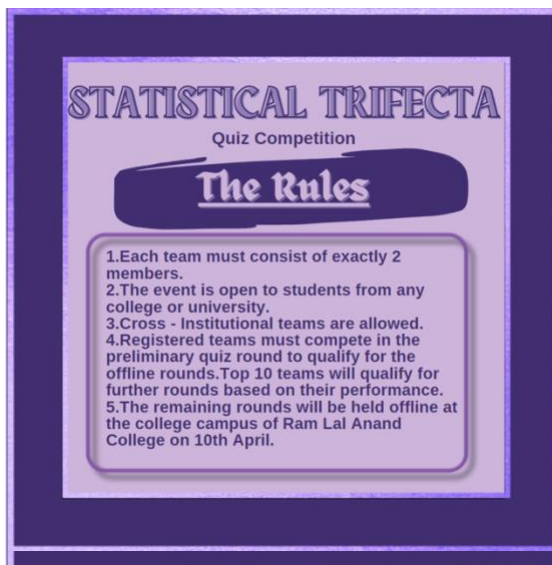

Feedback:

“Such an engaging session with great insights”

“The session was so interactive, loved every part of it”

The feedback from the speaker session indicates a highly positive reception. The attendees already had a high expectation from the session and it was fulfilled. Artificial Intelligence is the future, and the information conveyed by the speaker will surely help the students. Overall, the feedback underscores the session's success in delivering valuable and relevant content to the audience.

Statistical Trifecta

It was a **quiz competition** and the first round of the event was conducted online on the platform Unstop, with participants shortlisted for the second round. This flagship event tested participants' statistical acumen through three exhilarating offline rounds: a mind-bending puzzle round, a comprehensive general quiz, and an adrenaline-pumping buzzer round. With questions ranging from probability puzzles to inferential statistics, participants showcased their prowess and enthusiasm, keeping the audience on the edge of their seats. The event witnessed a remarkable turnout with **14 students** showcasing their statistical prowess.

Feedback

“Great range of questions asked which tricked the mind”

“Smoothly executed, well- planned rounds”

Datamaze:

The case study competition commenced with an online quiz on Unstop, narrowing down participants for the final presentation round. In this concluding stage, contestants were given two case studies before the event, on which they performed detailed analyses. Their findings were then showcased through a PowerPoint presentation, with each team allotted six minutes to present, followed by a two-minute Q&A session where judges engaged directly with the participants. The event saw enthusiastic participation from around **16 contestants** and received very positive feedback.

Feedback

“The case study had no error, nicely planned questions”

“The data kept us intrigued, had fun solving it”

Ad Mania:

The event began with an online preliminary round on Unstop, selecting participants for the next stage. This was an **ad-making competition** wherein the creativity took center stage as participants unleashed their imagination in marketing non-useful products and rebranding unmarketable useful ones. From pitching a sixth finger for Hrithik Roshan to reinventing the concept of a time machine, participants captivated the audience with their ingenuity, sparking laughter and applause. The Ad Mania event drew **22 participants**, each showcasing their imaginative marketing strategies with enthusiasm.

Feedback

“The topics were so common, yet so fun to pitch on”

“Such a fun experience to pitch on and to listen to other pitches”

Word War:

Word War was a conventional English-style **debate competition**, focusing on the significant issue, “Statisticians should be held accountable for the implications of their analysis.” Each debate featured teams of two, with participants granted five minutes to present arguments for the motion, against the motion, and for their conclusion. The event attracted **10 participants** and was met with highly positive feedback from attendees and competitors alike. This enriching academic exercise not only enhanced participants’ public speaking and critical thinking skills but also deepened their understanding of the ethical dimensions of statistical practice.

Feedback

“Loved the competitor’s energy as well. Great topics to discuss on “

“The topic was nice, loved the energy, smoothly handled event”

Enigma Expedition:

The image shows two promotional posters for the Enigma Expedition Treasure Hunt Competition. The left poster is a purple-themed flyer for 'Random Walk 2024' presented by PANACEA (The Statistics Society) at Ram Lal Anand College, University of Delhi. It includes details: DATE: 10th April 2024, TIME: 3:00 pm Onwards, and VENUE: Room No. 44, RLAC. It also features a QR code for registration, a cash prize of ₹2,500, and icons of a treasure chest, a map, and a person walking. The right poster is a white-themed flyer titled 'The Rules' for the ENIGMA EXPEDITION Treasure Hunt Competition. It lists four rules: 1. Team size: 2-3 members; 2. Only for RLAC students; 3. Round 1: Online quiz round (if registered teams are more than 16); 4. Round 2: Decode all the checkpoints in least time and you are the winner. Both posters list contact information for Dr. Ritin Jain (Convener), Prof. Neena Mittal (Teacher-in-charge), Smarika Jain (President), and Prof. Rakesh Kumar Gupta (Principal).

The fest culminated in an exhilarating **treasure hunt**, where teams navigated through a series of cryptic clues scattered across the campus. Fueled by adrenaline and teamwork, participants raced against time, unraveling mysteries and overcoming obstacles to emerge victorious, forging unforgettable memories and friendships along the way. The event witnessed enthusiastic participation from **32 students**.

Feedback

“Solving the treasure hunt was a fun experience in itself”

“Well organized events, looking forward to more such competitions.”

After intense competition and spirited performances, the winners of each event are as follows:

Statistical Trifecta:

- 1st Position: Piyush and Deepanshu from Ram Lal Anand College
- 2nd Position: Dheeraj, Sarthak and Lukkshya from Ram Lal Anand College

Datamaze:

- 1st Position: Shruti Bansal and Aman Singh from MAIT, GGSIPU
- 2nd Position: Sajal Bhasin, Preksha Agarwal and Anurag Singh from PGDAV College, University of Delhi

Ad Mania:

- 1st Position: Sarthak katiyar, Krishna Shrivastav, Lakshya Pundir and Rachit Agarwal from Ram Lal Anand College
- 2nd Position: Ayush Sharma, Adarsh Gupta, Sandhya Singh and Aryan from Ram Lal Anand College

Word War:

- 1st Position: Shreya Mudgal and Sanya Balhara from KNC, DU
- 2nd Position: Alok Raj and Aditya Verma from Ram Lal Anand College

Enigma Expedition:

- 1st Position: Ayush Sharma and Adarsh Kaushik from Ram Lal Anand College
- 2nd Position: Mohit Rawat, Sanya Kamra and Anshika Goel from Ram Lal Anand College

Glimpses of the Event:

Random Walk 2024 epitomized the spirit of academic excellence, creativity, and collaboration, reaffirming Panacea's commitment to nurturing the next generation of statistical leaders. As the curtains drew to a close on this memorable event, echoes of laughter, camaraderie, and inspiration lingered, serving as a testament to the enduring impact of statistical education and exploration.
