WHAT IS CREATIVE WRITING ?

Creative writing is a form of writing where creativity is at the forefront of its purpose through using imagination, creativity, and innovation in order to tell a story through strong written visuals with an emotional impact, like in poetry writing, short story writing, novel writing, and more. It's often seen as the opposite of journalistic or academic writing. Creative writing uses senses and emotions in order to create a strong visual in the reader's mind whereas other forms of writing typically only leave the reader with facts and information instead of emotional intrigue.

COURSE OBJECTIVES

On the successful completion of this course, participants will be able to:
