

ENACTUS RLA

"If you give a person a fish, they'll fish for a day. But if you train a person to fish, they'll fish for a lifetime." - Dan Quayle.

Enactus Ram Lal Anand is a group of students who are dedicated on taking social entrepreneurship projects for upliftment of the deprived section of our society. Under the able guidance of honorable Principal Dr. Rakesh Kumar Gupta, Convener Dr. Neena Mital, Enactus started its journey in October 2017 with 4 students; the team has now come a long way now with 40+ active members. Having support of college administration and the large umbrella of Enactus, we work towards our goals in proper structural way so as to achieve sustainability at the end of it. Ever since its inception in October 2017, Enactus has tried coming up with projects that benefit the society as a whole, starting with Project Vriddhi to our latest Project Bantwala. As a comparatively young society we can proudly say despite all ups and downs, we have managed to learn from every challenge we have faced. Our most successful project till date has been Project Roopantaran – The paper pencils project in association with Family of Disabled (FOD). Through our project sales, we helped support 8 disabled members who were involved in the manufacturing of the pencils. The project indirectly impacted the reduction in the rate of deforestation as 8 million trees are cut every year to manufacture pencils and amplified reuse of waste newspaper as 85 million tons of paper waste is generated each year. The project fulfilled 11 of 16 SDGs set by the UN.

Enactus held its first ever society fest: Biztopia in the year 2021, held online keeping in mind the covid situation in the country. Through the online event 8 speakers enlightened our members as well as the attendees with their entrepreneurial insights. We also held our own B-Plan competition where the two judges guided us and the other teams to understand our projects and ideas better. We wish to amplify and innovate Biztopia every year.

Over the years we have visited various colleges to present in Business Plan competitions and set up stalls to promote our projects amongst colleges across Delhi as well as in public places such as book fairs, festival fairs and schools across NCR. Enactus Ram Lal Anand has been striving each year to better the society as well as to reach more people through its efforts of collaboration and partnership for achieving goals.
